

# TWO MULES FOR HAITI EARTH DAY BENEFIT FESTIVAL SPONSORSHIP PROGRAM

Two Mules is a North Carolina non-profit that assists underserved Haitian communities in their efforts to improve education, healthcare, and agriculture. We work with global partners to assist Haitian farming communities most at-risk from climate change and environmental degradation. Less than 2% of Haiti's original forests remain, and most of its people are desperately poor. Two Mules works with local partners to integrate tree planting with farming and community training. Fruit trees and fast-growing plants provide food and biofuel, harvested through sustainable agroforestry practices. Each tree planted helps Haiti feed its people and rebuild its economy. Join us in this Earth Day celebration by investing in our planet and supporting Haitian farmers with live music, Haitian food, and entertainment!
